Dear parents and care-givers

What a great night! Secondary Speech Night is always a special evening for our students, staff and parents, and Monday night did not disappoint. It is that time of year when we recognise the hard work and achievements of Dimbulah State School secondary students. As a principal I never tire of being involved with celebrating of our students’ successes. Congratulations to all award recipients, speakers and performers. It was a memorable evening.

These celebration evenings would not be possible without the hard work of Dimbulah State School staff and students. Thank you to our fantastic students, who under the direction of Mrs Cagnola and secondary staff delivered a memorable evening. The confidence with which our students spoke, performed or played is a testament to the many great programs operating at Dimbulah State School and the quality of our students. Thank you also to the many primary students in our school band, who willingly gave up their time to help celebrate the achievements of our secondary students.

Congratulations to Noah Goldsworthy, who achieved third place in the Junior Graphics category of the DATTA Queensland Design and Technology Awards. The competition is held annually, is open to all schools north of Townsville, and is recognised nationally. Congratulations Noah.

Thursday 1st December is Dimbulah State School’s next major event in regards to the recognition of student achievement. Our Primary Recognition Evening begins at 6.30pm. A variety of student work will be on display prior to commencement of the evening and the school Band will once again be performing. It is shaping up as another great evening of student achievement and success.

Regards

Tuki Brown
Principal
